

Dr Abhijit Ray Fees – Effective 07/02/2022

Due to chronic underfunding of Medicare rebates for General Practice services, as of **07/02/2022** Dr Ray will be changing their billing policies.

The fees are listed below. The full fee is payable at the time of your appointment. After your consultation we will submit your Medicare claim on your behalf. Please ensure Medicare have your correct bank account details to ensure you receive your rebate as soon as possible.

Dr Ray will continue to bulk bill existing patients aged over 65 who hold a valid pension card, DVA card holders and patients under 16 years old.

We recognise that a lot of patients have suffered financially over the last two COVID-19 years. Please speak to our Practice Manager Michelle, in complete confidence, if you are in that situation.
